TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampton Falls on Tuesday, the Ninth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to raise and appropriate the sum of \$207.05, the State contributing the sum of \$828.21, to be spent on the Cock Hill Road, under Town Road Aid.
4. To raise and appropriate for the issuance and distribution of printed matter for advancement of the interests of the Town, its resources and natural advantages and to assist in the promotion of developments for the benefit of the Town in cooperation with other Towns coordinated in the Seacoast Regional Development Association the sum of \$69.00.

5. To see what action the Town will take in regards to the purchasing of fire equipment and to raise and appropriate money for the same.

6. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

7. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and 43.

OLIVER H. AKERMAN,
WALLACE H. BATCHELDER,

Selectmen of Hampton Falls

A true copy of Warrant—Attest:

OLIVER H. AKERMAN,
WALLACE H. BATCHELDER,

Selectmen of Hampton Falls.

			1,167.75	
Net Unexpended Bal. of Appro.				\$19.85

TO THE VOTERS AND TAX PAYERS OF HAMPTON FALLS

An explanation should be made of the unexpected overdraft on special Tarvia shown in the Comparative Statement of Appropriations and Expenditures on Page 5. At the Town Meeting the sum of \$1,500.00 was appropriated but before the tax rate was figured the Tarvia Co. informed the Board that only $\frac{1}{3}$ of the amount purchased last year would be available. The Tax Commission then advised us to figure on the sum of \$500.00 in order not to have a large unexpended balance and it would also lower the tax rate. However, the Road Agent found later, that he could get much more tarvia than we were told in the Spring. In as much as the Town voted to spend \$1,500.00 all the Tarvia available to us was bought and applied.

Also the overdraft on the Town Hall is due to the fact that there was a very real scarcity of circulating heaters, in fact, any kind of stove, and we felt fortunate in getting hold of one purchased, even at the price of \$125.00. It should pay for itself as the Upper Hall can now be used for small gatherings and save lights and fuel.

Respectfully submitted,

OLIVER H. AKERMAN

School Reports

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hampton Falls qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the ninth day of March 1943, at one o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers Chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To consider any other matters that may legally come before the meeting.

Given under our hands at said Hampton Falls this 26th day of January, 1943.

CLARA J. BROWN,
ELINOR MILBURY,
MICHAEL LOUGHLIN,

School Board of Hampton Falls

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Hampton Falls:

I herewith submit my thirteenth report as Superintendent of your schools. As is customary, it will consist of the financial report of the last complete school year, the statistical report as sent to the State Board of Education, tables of promotions and the September enrollment for the current year. The list of Hampton Falls pupils attending schools in other towns and for whom the district pays tuition is included, as well as the census of all children recorded by the census taken this fall.

The current school year finds the September enrollment noticeably larger than that of 1941. Twenty-nine pupils entered the primary grade room and twenty-six the intermediate room. This total of fifty-five contrasts with forty-eight last year. It is fortunate that we have teachers of experience in both rooms..

Miss Norma Nichols is a teacher whom all children love and whose leadership they happily follow. The value of her services to the district of Hampton Falls is recognized by parents, school officials and citizens of the town. Mrs. Dorothy Sargent came to us as a teacher of valued experience. That she is a successful teacher is proven by her work in our schools during the past months. That she is recognized as such throughout the state is proven by her appointment to the New Hampshire Committee to revise the Program of Studies. Her special field is "Social Studies" as they are to be taught in the middle grades of the state. The task of this committee is arduous but from it the children of Hampton Falls will receive the first benefits.

The transportation of our pupils to high school is a problem, but it seems that the best possible at the present time is being done. It is right that we co-operate with the effort of the O. D. T. to save buses, tires and gasoline. To do this, fewer buses must do the work of more. The same buses must serve several towns, the number of stops must be cut down and unnecessary transportation eliminated. Information concerning school routes is now sent to the O. D. T. for their review.

Of necessity, the war will bring changes to our schools. There will be changes not so much of subject matter as of emphasis. There is a definite need that more time be devoted to Geography of the entire world, foreign as well as domestic. A practical form of manipulative Arithmetic must be taught even in the grades. The army tells us that a definite program for physical fitness must be an important part of our activities. Although this work must be done mainly in the secondary schools the elementary grades must do their part. Care must be taken that our pupils have suitable physical exercise, that they understand the fundamental rules of health and that they guard their welfare by exercise, rest and food, each in the right proportion. It is one duty of the schools to see that this is understood by the pupils.

As part of our obligation to guard the health of our children "penny milk" is now available to all the pupils of our school. By this program the Agricultural Marketing Administration pays the milk distributor the producer price for milk.

This makes it possible for the dealer to sell milk to the pupils for one cent per half pint. Pupils are not limited to one bottle. The eagerness with which the milk is bought proves its worth.

The schools are willingly fulfilling their part in waging a successful war. The teachers and pupils are buy-

ing war bonds and stamps — regularly. Three national registrations, those of sugar, gasoline and oil, have been entrusted to the teachers of the nation. It seems probable that War Ration Book Number Two will also be distributed by the schools. The children in both elementary and high schools have worked long and diligently in the gigantic task of collecting the metal and rubber so badly needed by our armed forces.

The Hampton Falls school has a certified record of 10,-882 pounds collected in their scrap drive of three weeks. It may be of interest to note that the pupils in the seven towns of this supervisory union gathered a total of 155,-965 pounds. This is the material measure of our endeavors up to the present time. The schools stand ready to do that which may be further asked of them.

It is always of interest to learn the degree of success our former pupils attain when they enter another school. Last year's sixth grade has done well in its work this present year. The eight pupils in the Hampton seventh grade earned a total of forty-two marks in the first report period. Of these forty-two marks 28 were "B", 7 were "A", and 7 were "C". This makes an average of "B" with no failing mark. According to this yardstick Hampton Falls school prepares its pupils well for higher grades. We have every reason to believe that equally good work is being accomplished during the current year.

Mrs. Janice Naves is again art instructor in our school. She is not only a gifted artist but she knows how to impart to her pupils the values she knows so well. The pupils like Mrs. Naves and look forward to her visits.

We are fortunate in securing the services of Mrs. Geneva Southwick as music instructor. She is building well upon the foundation laid by the former teacher, Wendell Hawkins. She is enthusiastic about her work.

Her enthusiasm is reflected in the high grade of work done by her pupils.

The report of Mrs. Lindsey, the school nurse, is included. It gives in figures the results of her work, but does not reflect the additional care and watchfulness which she has exerted over our children.

You as a board, have been ever watchful of the welfare of the children in our schools. You have been helpful to me in my duties as superintendent. This I fully appreciate.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

REPORT OF THE SCHOOL NURSE

January 1942 to January 1943

Following is the summary of the yearly physical examinations conducted by Dr. Coleman, assisted by School Nurse:

Number of pupils examined	64
Underweight	3
Corrected	3
Defective Hearing	1
Anaemia	1
Nervous Condition	3
Defective Teeth	2
Corrected	21
Diseased Tonsils	10
Corrected	4
Adenoids	3
Corrected	4
Enlarged glands	9
Corrected	4
Total number vaccinated	54
Total number unvaccinated	4

Through the generosity of the local Red Cross, \$10.00 was contributed for Cod Liver Oil, and this was given to thirty children as a daily part of the school program.

School lunches were also served under the Surplus Commodities Program.

Number of children inoculated against Diph^htheria—3.

A very successful Dental Clinic was conducted at the office of Dr. Merle Straw. All children were transported to and from clinic by school nurse. Report follows:

Number of pupils examined	52
Number pupils treated, receiving complete care	20
Total number cleanings	20

Total number temporary extractions	8
Total number permanent extractions	0
Total number cement fillings	3
Total number silver fillings	45

The local Red Cross has again very generously contributed \$10.00 for the purchase of Cod Liver Oil for the school children during the winter months.

Weekly visit is made to the school. During the school year children are weighed, measured, eye ear examination, skin and hair inspection.

Home visits and follow-up visits are made when necessary. During the year, nurse made 22 visits to homes, 40 visits to school.

Communicable diseases during school year :

Measles	1
Skin	4
German Measles	4
Whooping Cough	4

In closing, may I express my appreciation for the co-operation shown me by Mr. Gillmore, the School Board, Teachers and Parents.

Respectfully submitted,

DOROTHY E. LINDSEY, R. N.

SCHOOL STATISTICS—1941-1942

SEACOAST REGIONAL ASSOCIATION

The Seacoast Region of New Hampshire consists of the towns bordering on the seacoast and tidewaters of the State.

These communities have common interest in economic betterment, in regional problems, and in necessary adjustments to changing conditions brought about by war emergencies.

The New Hampshire Seacoast Regional Development Association is the accredited organization through which this and other regional communities are brought together in combined efforts to attain their related objectives of development and improvements.

It serves the individual interests of the Community to the extent of its facilities in accordance with expressed desires of the Community.

There are five Regional Associations in New Hampshire.

The Seacoast Association organized in 1934 and incorporated in 1936 is the official State Co-ordinating agency for the Seacoast Region. The Executive Secretary is the only paid official and his salary is provided for by State appropriation administered by the State Planning and Development Commission under certain rules of procedure.

Consistent with the State Statute, City and Town appropriations, requested on an approximate basis of one one hundredth of one percent of net assessed valuation or less than 10 cents for a thousand dollars, are used for publicizing the resources of your community. Each com-

munity has representation on the Board of Directors and its representative citizens serve as members on committees.

The Association works in co-operation with Regional City and Town, State and Federal Departments and Officials, the State University Extension Services, the New England Council Chamber of Commerce, Farm, Industrial and other accredited organizations and has established contacts, brought about conferences and surveys and gathered information necessary to determining the needs of the Region. This work has contributed to developments and considerations which could be realized only through co-operative effort.

Promotional publicity, not only through publications but through personal contacts, conferences, information service and otherwise has brought year round business. The farm and the factory as well as the retail business, the professional and other services, and the resort business are all recipients of added income resulting from this work. Of added importance is the maintenance of tax producing property and individual benefits of employment.

In view of the necessary planning for the post war period this promotional work assumes more importance than ever.

Evidences of the work of Association officials and the various committees are most apparent but difficult to publicize. Bridges have been built, new highways constructed, others improved, funds are available for coastal protection and bridge construction when priorities permit. Industrial plants have received war contracts. Some of the needs of this vital defense area have been recognized by the Federal Government; some added transportation facilities have been provided; information on the population has been presented for purposes of securing adequate rationing; information on the needs of the population has been presented for purposes of securing adequate ra-

development are in progress; development of fishery resources are in prospect and consideration is being directed to forestry and farm conservation needs.

The recently released report "A Plan for the Development of the Seacoast Region" prepared by the State Planning and Development Commission represents much time and work of the officers and committees, together with that of the State Commission.

The factual findings of this report have been proven to be of particular value for Federal and local use in the present emergency and with continued studies will be of the utmost importance for guiding future planning.

Copies of the report have been sent to Boards of Selectmen, City Officials and individuals who are contributing to the overhead expense of the Association.

The Association stands on its record of accomplishment with equal consideration for the interests of all regional communities and it is obvious in view of increasing demands for service that the value of regional co-operation is important to everyone.
